MASTERTAP™

DISPENSING SYSTEMS

Installation Instructions

1. Remove the faucet from the box.
2. Screw the male threaded end into the female threaded nut on the tower.
3. Using a beer faucet wrench, tighten the faucet into place while ensuring it is straight.
4. Screw top off and insert garnish of your choice. Screw top back on.
5. Your faucet is now ready to dispense beverages.

Daily Cleaning Instructions

Important: This faucet must be cleaned daily after use to prevent build-up of bacteria.

1. Turn off the product flow to the faucet.
2. Slowly twist the plastic top off and clean (A).
3. Unscrew the clear tube to clean (B). (Before doing so, place a cup underneath to catch any remaining liquids or solids that have been left inside.)
4. When reassembling, tighten everything by hand.

Weekly Cleaning Instructions

1. Turn off the product flow to the faucet.
2. Slowly twist the plastic top off and clean (A).
3. Unscrew the clear tube to clean (B). (Before doing so, place a cup underneath to catch any remaining liquids or solids that have been left inside.)
4. Unscrew the nut at the bottom (C).
5. Clean the spout (D) and the rubber washer (E) inside.
6. Use a pipe cleaner to clean up inside the faucet and into the metal tube (F). Make sure the black valve handle (G) is in the open position to allow the pipe cleaner through.
7. When reassembling, tighten everything by hand.
